

**WARNING! SOUND LEVELS WITHIN
MAY CAUSE HEARING IMPAIRMENT.**

**You
may be
kissing
your
hearing
goodbye!**

Warning signs of hearing damage include:

- Tinnitus (ringing or buzzing in the ears.)
- Muffling of sounds
- Difficulty understanding speech (you can hear all the words but can't understand them).
- Difficulty understanding conversations in groups of people where there is background noise.

If you experience any of these early warnings, don't wait to seek help.
Have your hearing checked by a hearing health professional.
